SENIOR COMMUNITY CENTERS

Senior Community Centers offer people age 60 and older a place to go for nutritious meals, social activities, and a range of programs such as health screenings, health and consumer education, creative arts, exercise, and other special events which are unique to individual centers. Senior Community Centers often work with a variety of local organizations, and provide access to other community services as well. Centers also offer volunteer opportunities where older people can contribute their experience and skills in meaningful and satisfying ways.

We invite you to visit any of the senior community centers throughout Washington County.
