

Washington County Help Center Social Media Kit

The Washington County Help Center invites you to use this social media kit in conjunction with your social media posts. This kit includes a series of messages and digital templates that can be customized to promote resources in the community and your presence on the Washington County Findhelp website. When posting your messages, please tag Washington County Human Services.

- 1. Searching for resources in the community?**
Our Help Center provides resources, information and assistance in navigating the human services system and connecting to community supports. You can view our programs on Findhelp and can also search for other community organizations that are in your local area.
- 2. Connecting to resources has never been easier.**
We want to help connect you with resources you need most. Findhelp is a free, online platform, that is available 24/7 and in 100+ languages to help you find local, free and reduced cost resources. You can search for resources such as food pantries, housing, mental health care, and more.
- 3. Help is easy as 1-2-3-4.**
Our Human Services Coordinators are available to assist Washinton County residents with connections to resources, supports, services, and help navigating the human services system.
- 4. Access all of our agencies with just one call.**
Human Service Coordinators are here to assist you 24/7. With just one phone call, you can access all of our agencies of services. Call 724-228-1234 today.
